[stuntladz](#) 2 years ago
- you cant make the bnp illegal because they are illegal just like any other, although you may not agree with their policies (and i dont either)  
you cannot have them disbanded just because of that. because that would be against freedom of speech and undemocratic.

We got you on the run and i also support Israel.

[MACK1hog](#) 2 years ago
- If you think UAF are bad, you should investigate Searchlight. These people are real extreme nutters, usually paid up members of the Communist party.  
As a Trade Union Official I come across these types every day, and they really are a extreme violent bunch.  
If you try and have a grown up conversation about the BNP they start to rant and rave, in what I believe is an attempt to stifle debate.

- The BNP aren't racist... Funny that, because I'm sure Hitler was and the guy agreeing with you idolises him. So you share the same principles and beliefs as someone who clearly puts a racist on a pedestal.. doesn't it make you think. Well It should do... Actually Oops... Sorry It seems like you've lost the capacity to think rationally. Oh Well, Never mind. RACIST- Next you'll be saying that Hitler wasn't Fascist either.=) HA

[jinkywantsyou](#) 2 years ago
- so, m y u care wot he thinks? ur not asking him... o ryt 1 s so they all are. hypocrtit. hitler was a fascist, wot dus that have to do with it. When he says you cant help look bak at all those death camps and gas chambers with a sense of nostalgia... then worry. sum1 waving a flag is fuk all

[lornaration](#) 2 years ago
- Well.. without regressing into a barrage of abuse which I believe you deserve. Fascism is in it most basic premise is Rascist. It works on the presumption that people from with-in different national boundaries are less worthy individuals than those with-in your own national boundaries. That is rubbish. Hitler own rasism againts Jews went hand in hand with his own bigoted Political aspirations. Same as yours.

[jinkywantsyou](#) 2 years ago 3
- Thankyou for not getting abusive. Fascism is different to nationalism, read a book on ideology

[lornaration](#) 2 years ago
- True they are different. However the technicalities are that subtle that they may as well be the same. I've read countless books on Ideologies. Anyway Fascism/Nationalism debate aside it doesn't matter. Nick Griffin is racist. He's tried to intice racial hatred and a person such as that should not run a political party.

[jinkywantsyou](#) 2 years ago 3

Your mixing Muslims with race. Islam is not a race it just out dated and backward, I will vote for anybody who will stand up and reconise that. I might be a bit wierd as you put but Im not racist.

[010110102](#) 3 years ago
- The BNP apes failed to win votes so have now resorted to calling names. I'm liking the change in recruitment techniques- likely to be more effective than the last one, but still nothing to worry about.  
[s6456](#) 3 years ago
- failed to win. its gaining all the way. check the facts.  
[lornaration](#) 3 years ago
- Yep, gaining so much that you still have zero political influence, zero respect and a very small (and let's face it- not very bright) group of supporters. I'd suggest that you don't check the facts as the BNP put them, but open your eyes- you'll get a much clearer picture my friend.  
[s6456](#) 3 years ago
- yes. i know. however. over the past 2 years alot of progress has been made which will be reflected in 2009  
[lornaration](#) 3 years ago
- I'll look forward to seeing this progress. As for the last two years, wasn't it about two years ago that Mr Griffin and Mr Collett were up in court on charges of inciting racial hatred?  
[s6456](#) 3 years ago
- Yes i believe it was 2 years ago when mr. griffin and mr. collett were found to be innocent of incitement to racial hatred.  
[lornaration](#) 3 years ago
- There's no smoke without fire my friend. What is your take on Mr Collett's admission of his support for the Nazi regime and it's dictator. You know, the one that was filmed by an undercover journalist? Or Mr Griffin's numerous filmed denials of the Holocaust? But of course, they can't possibly be racist or anti-semitic can they? Naziboy by Russell Brand shows Mr Collett referring to homosexuals in very derogatory ways as well. Check it out.  
[s6456](#) 3 years ago
- yes i saw them and so did the courts. peoples views develop and mature over time.  
[lornaration](#) 3 years ago
- So you are saying that denial of the Holocaust and saying 1930s Germany was a better place to live than the contemporary UK are ok because they managed to squirm out of the charges? People's views do mature, but last time I looked racist chanting was the pastime of the primaryschool child, not a 'respectable' political party. Last time I looked, posting shit through people's letterboxes was done by kids, not members of a political party. Looks like BNPers don't mature over time, eh? Are you BNP?  
[s6456](#) 3 years ago
- that bit about the shit was actually a bit of splicing done to shame the BNP by the BBC and because of that and people beleiving it the owner lost alot of business and sued the BBC. this was not in the open but the BNP also have eyes, ears, mobile phones, a website and a newspaper to communicate with one another  
[010110102](#) 3 years ago
- Of course it was- the BBC always try to make you racists look bad don't they? Whinge whinge, same old story- everyone who doesn't agree with you is corrupt or part of some huge conspiracy. Grow up. Wow, the BNP have all that to communicate? Man, they're more cunning than we gave them credit for! Keep up the good work, BNP! Is that seriously meant to impress me? The BNP also make shit up e.g. Asian men raping white girls, Muslims getting millions of homes for free. You are simply not credible.  
[s6456](#) 3 years ago 2
- So asians pimping whitegirls is bullshit eh? maybe you should stop sitting in front of your computer telling everybody that theyre wrong and your right and see the world for what it actually is. By the way, the reason that the BBC is corrupt is the same old story because it is true. Also the way, another thing about same old story, why is it that all you lefties always say that the BNP are "racist" "Nazis" without backing it, and why do aload of your type spontaneously say "fuck the BNP"?  
[010110102](#) 3 years ago
- yes, they were released without charge because they were innocent

O no sorry, that was the Fascist left wing throwing stones at children. Why are we still in Iraq after 1,000,000 people protested and 650,000 CIVILIANS are dead? We the true British public have woken up, the days of the Fascist Left wing are over as all the bi-elections are showing. You don't even have the bottle to contest them any more.

Did know that a white American said that Mohammed is the most influential person in the past 1000 years. This was in his book: The 100: A Ranking of the Most Influential Persons in History.

Diversity (which we've got and don't want) is the direct opposite of community (which we had once but gave up to make way for diversity)  
Lets end the whole multi-diversity-ethnic-cultural twaddle thing and the natural superiority of the anglo-saxon will once again reign as it should.

- Bless you all! All I see is a lot of frightened people hiding behind anger and prejudice. Unhappy individuals looking to blame someone for their own discontentment & frustrations in life. There's good/bad in all walks of life. We're all trying to live our lives. Problem is, some poor lost souls want to blame vulnerable people. This is not new, man has always looked to blame someone else when he can't handle the hand he's been dealt. I was born & raised in GB, but you extremists disgust me so Bless you!

- It doesn't matter what religion or political persuasion. Do we not all really want the same things? Do we not all really want to just be able to live in peace and harmony and feel okay? Rather than wasting time on arguing about how we should do it, why don't we all just search deep in our souls & find a way that as individuals we can bring something good to this world? It may seem idealistic but wouldn't it be nice if people could accept each others differences and find a common ground!

The Labour party has murdered millions in Iraq and Afghanistan and supporting the murders of Palestinians in the Satanic state of Israel. The Tories have destroyed industry in Britain and killed 100`s of Argentinians when the ship Belgrano, was leaving the Falklands.  
So what's your point??  
[RIPGB1991](#) 3 years ago
- Look I'll go along with Labour getting us involved in a war because Blair has a God complex but the Belgrano was a legitimate target. Remember who started that one and for once it was not us. The Falklands war was a clean war very few civilians died (all where ours). We fought for the rights of those people and thats a legitimate war.  
[JaspersJobless](#) 3 years ago
- I suppose you have a point on the Falklands. But that ship was leaving the Falklands and wasn't really a danger. But they did attack many of our ships which were no threat at all in the clean war as you described. So i suppose they got a huge taste of their own medicine.

I think the sentiments in this video adequately reveal the BNP for what they really are, eg, violent Nazis hell bent on destroying our country and all decent British people should do everything to rid Britain of the BNP\NF as they do nothing but promote the myth that Britain is a racist and bitter country.

[eeattery](#) 3 years ago

- My own beliefs are a little more relaxed than the NF etc I can see why whites are pissed off. People fought against Hitler to protect the British way of life. How many of these brave men would have fought if they could see 60 years into the future, Not to many I would suspect, My Granddad has told me he would not have bothered to fight Hitler if he had known the outcome.

[Maximustard](#) 3 years ago

- It does appear that a lot of white folk are unhappy at the way they have been treated by their own Government. I went on a couple of Anti Nazi marches back in the UK and I was not impressed with the attitude of the ANL. They were there for a fight that's fair enough however they bloody started the trouble by throwing bottles of piss. The inmans are allowed to march with banners "Death to all who insult Islam" and not an eyelid is batted by the ANL.

Muslim troops fought for Hitler. Google it

To answer the other texts about muslims fighting for hitler. Muslims, sikhs and hindu's also fought for the British empire against the axis powers during WW2. Remember that the British soldiers were all fighting against Nazi and Fascism which the bnp apes and looks up to.

[iollo](#) 3 years ago
- Communists are twats. They invent disorder to prevent equality in indigenous races. Who needs inequality when you have Communists?

[countesscristo](#) 3 years ago

- Purely propaganda and biased opinion.  
Communism is for the good of the people, rather than the good of the state. If anything, it is fascism that creates inequality, whereas communism makes equality. Sharing the wealth, civil rights and political freedoms.  
[Hebrew2](#) 3 years ago
- As a xionist you'd know all about propaganda. A communist can read a book but can't relate it to the real world, a bit like Islamists and "religious nutters". No treatment of you is too cruel, you enjoy being slashed across the quarters by your real life superiors. Most religions are also manifestations of sexual perversions and dependancies, communists are no different. How many has communism killed? and continue to kill" bring on the new McCarthy witchhunt.  
[countesscristo](#) 3 years ago
- I'm talking theoretical communism, not communism in practice, however, on a small scale, it has worked, and worked well. The only reason it doesn't work on a large scale is because some people are too greedy, and have to ruin it for everybody.  
Also, as for your point about the McCarthy witchhunt... Do you believe he had any substantial evidence whatsoever? McCarthy was a fraud, a bully, and a downright liar. He lied to all of America.  
[Hebrew2](#) 3 years ago
- I don't care, I intend to look him up he had the right idea in making Communism illegal, and to be found guilty of it, an individual should be corporatarily punished by imprisonment and large, large amounts of social deprivation. This wouldn't even cover what Communists plan to do to us. You say 'theoretical', well that is all Communism ever was, it was a bunch of losers who tried to put an unworkable, unrealistic theology into practice.  
[countesscristo](#) 3 years ago
- So, having the idea that equality should be put in place, big businesses should be outlawed and that everyone is viewed in the same way should be illegal?  
If it is unworkable and unrealistic, then why does it work on a small scale? As I said, on a large scale there is too much difference of opinion and greed for it to work. People who truly believe in communist values would not be greedy.  
[Hebrew2](#) 3 years ago
- If you want an idealism, that you have already admitted yourself is unworkable, why don't you turn to Islam or something, at least you might blow yourself up before you do any more damage to those of us not blessed with your gift of "ideology."  
[countesscristo](#) 3 years ago
- themselves often very embittered and unachieving people themselves. I think you will find it is the "bosses" of Commies themselves that are the most greedy and never has the wealth gap between rich and poor been bigger than when "New communists on the block" Labour came into power.  
[countesscristo](#) 3 years ago
- There are no bosses in communism. Everyone is equal, there is no basis of power. Labour never were communist at all, they're a Democratic party.  
Your argument is full of holes and lies.  
[Hebrew2](#) 3 years ago
- Most New Labour cabinet members are ex-Communist members -Fact.  
You contradict yourself when you admit Communism is theoretical but not practical. Naxism worked on a small scale, Fascism works on a small scale. So Tony Blair is not richer than me, he is equal yes? He made sure during his reign that I equalled his amount of money yes? Communism is just the goof ball for the most greedy men in the world to cover their corruption. It takes goofballs like you to believe it.  
[countesscristo](#) 3 years ago
- Where do you come by this so-called information? Quite honestly, everything you have said there is bullshit. Of course Tony Blair would be richer than you, because first of all, he was the Prime Minister in a capitalist nation. Secondly, Britain never was Communist.  
Greedy men hide their greed through communism? So basically "Lets share so people won't think that we are greedy!?" Makes no sense. Surely a greedy person would prefer capitalism and fascism, much like the BNP.  
[Hebrew2](#) 3 years ago
- No one is "equal" genetically or generically. You've got to be lacking something if you want to make everyone "equal" when they quite obviously are not. Everything I have said is true, I haven't said enough. Who is your hero? Lenin? real name Goldman. Trotsky? real name Bronstein. Stalin? real name Djugashvilli. All these idiots that defended "communism" were the biggest villains and mass murderers in history, and even changed their names?  
[countesscristo](#) 3 years ago
- Wait, changing names is something evil people do? The pope changed his name. Is he evil? He was a nazi as a child, too.  
So, communists are villains... No, fascists are villains. Those people you name are examples of communism that went wrong. They then became fascist.  
The biggest villain and mass murderer in history were fascist. Hitler ring a bell?  
[Hebrew2](#) 3 years ago 2
- Just how many have been lost under "communist leaders"? If you add 600 million in Russia, plus 600 million in China, plus 60 million during world war 1 and 2 where Churchill was paid off by the corporati, that includes Hitlers'

lot. As you see, Communism is the biggest white killer in history. And who funds Communism? the New corporati you idiot, the people with all the money and power, using "communism" as their sociology. The capitalists and the communists are the same people, doh!

[countesscristo](#) 3 years ago

- Tell you what, lets continue this argument in Private Messages. I'm getting sick of being unable to write more than 500 letters. I could write a huge essay on the subject of why you are wrong. So, i'll send you a message with your argument and mine.  
[Hebrew2](#) 3 years ago
- Hebrew please prove why all BNP members are racist?  
To my knowledge you haven't really done your home work have you?  
Sadie Graham & Danny lake where by far the most main stream members of the party and they where kicked by Griffin for trying to bring non-bias policies into the party.  
[NationalistNetwatch](#) 3 years ago
- You should be saying that Griffin is racist shouldn't you? Generalization is the filth of every political opinion.  
[NationalistNetwatch](#) 3 years ago
- I do find it funny that a Communist such as yourself is blind global equality. You could say that the BNP is racist since they do not want to share their wealth with the world of workers. However this Communist idea would lead to a declining social service infrastructure over time in England since the economy cannot cope with so much stress. It is actually a whole opinion of the public that England is full. You have made yourself look like a fool. Revise your ideas please.  
[NationalistNetwatch](#) 3 years ago
- I'm saying the BNP is racist because they are racist, not because they don't want to share the wealth. As for my Communist ideas, as I have stated before, I support the idea in theory, just not in practice, and am well aware that it would not work on such a large scale. I also believe in Anarchy, too. Partial Communism, partial Anarchy.  
[Hebrew2](#) 3 years ago
- The trouble is Hebrew when you generalize a whole party your also targeting decent good people whose ideals are quite mainstream. I'm ex BNP. I can tell you Griffin is a bigot and the soul purpose he runs the BNP is basically just to earn a living by selling merchandise to Skinheads. However there are those who try and guide the party to goals that aid communities. Most of them are kicked when they challenge the racists in the party.  
[NationalistNetwatch](#) 3 years ago
- If you really hate the BNP you need to guide people into national interests but away from social divisions. Hope thats helpful.  
[NationalistNetwatch](#) 3 years ago
- At it's core, the BNP is a racist political party. I dislike that, as well as many members of the BNP such as PeterBNP, who is a bad example to people everywhere. There are so many BNP supporters that are racist, hatemongering arseholes, and so few that seem to be decent people. Basically, a lot of supporters will need to change their attitudes towards people that are different, if you are to change the image of the BNP being racist bigots.  
[Hebrew2](#) 3 years ago
- I aid the community too, yet people seem to think that because I'm a communist and Athiest that i'm evil scum, so I know all about the generalisation that you mentioned. How about this. - The BNP are an insignificant party of extremists. Two per cent. That's all they have of the electorate. It will not be enough to even alter a bus route, never mind change immigration policy.

- Thanks to lefty scum like this being in power we have a society where children are being shot/stabbed in the streets, pensioners are afraid to go out at night, and crime is at an all time high. These people must have nothing but utter contempt and disdain for the British people.

I believe in tighter immigration controls but Griffin wants everyone out. When whites overpopulate Britain and the same problem happens again, what's your excuse gonna be then? :)

"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

- Smallchair's remarks compel comment. Again, instead of engaging in reasoned debate, smallchair resorts to absurd assertions bereft of evidence. There is no causal link between the dramatic events he describes and immigration. Sure, some 'immigrants' may commit offences, but this does not mean ipso facto that all immigrants must be criminals.  
[swc2006](#) 5 years ago

- That's interesting. "Future" did you say? The BNP club was formed in 1982, and since then, hasn't gained a single seat in Parliament, and only a few representatives in local government. Paid up membership is reducing, and yearly financial losses increasing. "Future", did someone say? It's had over 20 years to make its mark, and has failed miserably. If ignorance is bliss, then you guys must be in heaven.  
[BeneathTheUnderdog](#) 5 years ago
- Membership falling? where did you get that from? We are no longer in the red after the general election. a General election is always costly but BNP are safe now. The accounts published on BBC are old ones not the update ones.  
[peterBNP](#) 5 years ago
- This is incorrect on all counts. According to the Statement of Accounts for '05 that was submitted by the BNP to the Electoral Commission in July '06, the BNP's 'paid-up' membership fell from 7916 in '04 to 6008 in '05 (p10). Income fell from £718099.99 in '04 to £672246.55 in '05; expenditure rose from £738099.99 in '04 to £766958.34 in '05 (p18).  
[crazyclive](#) 4 years ago

- Not only are the BNP not 'no longer in the red', they are more so than before: their pre-tax deficit is now £94711.79 for '05, a 4.5-fold increase from '04 (also p18). I think a trip to your party's accountants, Silver and Co, is in order. Don't you?  
[crazyclive](#) 4 years ago
- The BNP are no longer in the red, those figures were for 2005, it's damn near 2007 now and we have had the 2 biggest single donations in the parties history during the free speech trial.  
[lcarbitt](#) 4 years ago
- Compared to over £20million of debt for the labour party Id say 95 grand is a drop in the ocean.  
[hinckman](#) 4 years ago
- That's neither here nor there. My point was that the assertion made by several BNP members and sympathisers on this page was \*false\*: viz., that their membership and income is rising. Time will tell whether the BNP can cope with nearly £100k of debts, given that a large number of their membership subs regularly lapse.  
[crazyclive](#) 4 years ago
- It is neither here nor there. £95000 is £19.905m less than labours £20m, though I get your point labour will invariably be bailed out indirectly on the sly by the taxpayer whereas the bnp will have to scrimp and save on a shoe string to get by, the bottom line they simply have to survive these early years because the way their growing its only a matter of time before they will have some real clout.  
[hinckman](#) 4 years ago

- (cont)Imagine that,actually liking other human beings!Now that would be a novel idea for you wouldnt it?I know that you hate all blacks,commies,students,muslims,jews..well in fact anyone that isnt just like you,but that is ok,i know you are scared of things"different",i used to be scared of Daleks in DrWho as they seemed strange n unfamiliar.It is normal to be scared of people different to you.But you are(Im guessing by your name)now 28yrs old(cont).

- (cont)It is time you let this unreasonable child-like fear go.Its all just very silly and a bit of a bother.I suggest you try smiling instead of frowning,clapping instead of boo-ing and generally enjoying life.Good girl.

- I love this stuff. It's funny though they don't show too much of the BNP :P  
[punkace](#) 5 years ago
- The bnp are just pathetic, this is the best they can do - call people cunts. If we all ignore them they will soon get bored and go away, they don't exactly have much brain capacity to keep them interested in anything for very long.

- When they're dead and gone, consumed by their hate, the worms strip their bones (btw worms aren't racist -- they'll eat any colour). Then you have to answer for all the hating carried out in thought and deed, and the price will be high. (Remember -- everyone is answerable whether to God or nature KARMA). What a sad and sorry existence.  
[BeneathTheUnderdog](#) 5 years ago
- They're so fired up thinking about hate, destruction, petty race differences that they fail to see what life is really about. They miss out on what life really has to offer. Then they wake up old, tired and still hating, and everyone has passed them by and moved on. Then the grim reaper arrives but they can't believe that they're not going to live forever. It's over.

- [kelzuya](#) 5 years ago  
We may not be the worlds best football players yet but our lads certainly enjoyed bayoneting your conscripts to death in their sleeping bags at Goose Green. Now fuck off you grease spot.
- [SirGeorgeUproar](#) 5 years ago  
Argentina4, it was the inferior English who bayoneted your conscripts to death whilst they lay in their sleeping bags in their shit filled slit trenches at Goose Green. You were outclassed then and we will kick your arses the next time you send your conscript army to do a mans job.

Essexbitch , please do not advertise yourself as being an " Essex " person , Christ knows it is bad enough having to deal with anti-Nationalists without Non-English lower working -Gypsy-Type-Chav-Doley-Brownie cunts like yourself leaving thick eneducated remarks all the place .
